Primary Examiner
Art Unit: 2822

The reply filed on 2-16-6 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has again failed to identify the specific "chemical composition" of claims 21 and 22, and failed to provide the specific page and line numbers within the disclosure which describe the claimed chemical composition. In particular, the "chemical composition" of claims 21 and 22 is a chemical composition of the first portion encapsulant film but applicant's response is directed only to the second portion encapsulant film. Also, applicant cites "standard paragraph numbers" but the specification does not contain standard paragraph numbers. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

For information on the status of this application applicant should check PAIR: Status information for published applications may be obtained from either Private PAIR or Public PAIR.
